AMENDMENT

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the non-final Office Action dated July 30, 2002, please amend the above-identified application as follows:

In the Specification:

Please replace the Abstract as set forth below in clean form. Additionally, in accordance with 37 CFR 1.121(b)(1)(iii), the amended Abstract is set forth in a marked-up version in the pages attached to this Amendment.

ABSTRACT OF THE DISCLOSURE

47/

An information processing system comprises an information providing medium that stores information in an electromagnetic or optical manner, the information providing medium being attached to an entity in order to provide information associated with the entity; a hand held terminal device having an information read function that reads information from the information providing medium in an electromagnetic or optical manner and record the information; and an information processing unit for retrieving the information recorded in the hand held terminal device; wherein the information providing medium is inconspicuously attached to the entity. In this manner, the information can be recorded into the hand held terminal for later use by a user.
